

# THE CHALLENGE

**You have recently  
been hired from “WHO”  
as a junior data analyst!**

**As starting project,  
your boss asked you to prepare an  
analysis on the pandemic  
caused by *SARS-CoV-2*  
over countries.**

# **THE GOAL**

**Create a dashboard  
that can help the team  
to monitor how the fight against  
the disease is proceeding  
across countries.**

**HOW**

**Using Google Looker Studio  
to create one or more dashboards to  
help you build a narrative and..**

**TELL A STORY!**

**Let's go and see  
the work I did!**

**Let's follow the link below:**
